Decisions with actions

- Air Pollution monitors – an educational tool to compare data and raise awareness.

Cost appears to be about £500.

Application to me made to the Community Café for one unit.

Action Frankie

- Survey – discussion of the role of the survey.

A survey to collect data and identify residents' priorities to be planned by a smaller group. The people in the group will be Marc Eberhard, Louis Phipps and Alan Morgan.

- 12 point plan circulated by Marc E – useful and to be used by the group.
- Carbon footprint paper circulated by Tony – identifying carbon footprint is not straight forward and calculators are changing all the time.
- Tree information circulated by Tony – Blue Skies tree data base – Tony will enquire from DDC if available. As a group we will encourage tree planting in Braunston as a future action.

Action- Tony and Marc E to draw up a plan for Braunston re trees.

- Web profile

Action. Alan Mawer will work with Andre to add Braunston CAN and design the section and develop aims/mission statement/ actions.

Alan Mawer will suggest to Braunston Parish Council that they have a section re Climate Change.

- Bugle

Action. Alan and Helen Morgan will post on The Bugle.

- BVN

Information needs to be submitted here.

Action Alan Mawer?

- Various reports and papers
20th February is the deadline for comments re DDC Climate report.
3rd Feb Parish Council meeting where Alan would be able to ask Parish Council to recommend that the DDC report is adopted.
Action – ALL – to feedback to Alan by the end of January, once having read the DDC report if they would like the Parish Council to send a supportive message to DDC re the Climate Emergency report.
Action – Kate will circulate reports with these notes.
- Google doc/Google Drive to be set up for a repository for the group's documents.
Action Frankie to set up
- LED street lights – when will these be adopted.
Action – Alan Mawer to ask Parish Council for feedback about
- when will the implementation of the lights occur.
 - What will be the intensity of light?
 - What will be the colour temperature of light? 3000 colour temp is best.
 - How much electricity will be saved?
 - What will be the time settings – see Barby.
 - How flexible is the arrangement?
- Local Electricity Bill motion - Local Authorities would be able to make and sell electricity. (local power opportunities, canals)
Action – Alan Mawer to ask Braunston PC to request DDC to support this.
- Shout-outs re forthcoming events/happenings: DDC Strategy Meeting; Bolster event
20th February - DDC Strategy Meeting.
8th February – BOLSTER event in Barby. 10am. 30 exhibitors to fact find.
