

Braunston CAN (Climate Action Network)

Braunston CAN's objectives are to encourage individuals and businesses towards a zero-carbon society, and to monitor, scrutinize and lobby Braunston Parish Council, Daventry District Council and the new council that will be responsible for our area from 2021. We will also communicate with our MP in order to lobby central government.

To aid us in achieving those objectives, we would be grateful if you could spend a few minutes with this survey. The first section asks about your household and any cars you may have. The second section is where you can indicate what is important to you. Finally, there is space to let us know any other information or ideas you have.

We are a group of about twelve Braunston residents. If you are interested in finding out more, please email braunstoncan@gmail.com or message 07989 421836. Please let us know if you would like to receive our email updates.
