CHILDREN'S SOCIETY. Our sincere thanks is due to Mrs. Herne for organising and distributing the Collection Boxes for the Society. The sum of £63.55 was collected this year and we want to say thank you to all who gave. It is strange that more and more children need care.

TONY ALLEN. We wish to thank Tony Allen for all the hard work he has put in as Organist and Chdmaster in the last 3½ years. Tony is hoping to take a degree in the "Humanities" at Huddersfield Polytechnic College. We all wish him well in his future career.

It is very strange that Mrs. Sanders and Mrs. Calloway both died on Saint Bartholomew's Day, August 24th. It is fitting to thank God for their devotion to the Church. It is also wonderful to relate of the care and devotion of Mr. Calloway and Mr. Sanders and their families.

September 22nd. Colin PIMLETT, aged 93 years.

We offer our sympathy to Mrs. Eunice Marston, Mr. Vincent Pimlett and family on the death of their father.

BRAUNSTON WOMEN'S INSTITUTE. Our disappointment because we were unable to have the talk on Macrame at our last meeting was lessened when we heard that Miss Olney had agreed at very short notice to talk to us about her visit, many years ago, to Hungary. It was fascinating, from someone who has lived a very full and interesting life, and we hope Miss Olney will visit us again. At our next meeting on October 7th we will choose the Officers for next year. Members will show their slides.

BRAUNSTON YOUNG WIVES CLUB. We were very grateful for the magnificent response to our can collection for the Village Show. The "Lucky Dip" Stall raised over £36. Our next meeting will include a talk on Indoor Plants by Mr. W.R. Yates, in the Village Centre Library on Thursday 9th October.

BRAUNSTON PARMENT TEACHERS ASSOCIATION. Sadly we have had to discontinue our Waste Paper Collections, as this is no longer a profitable exercise. We express our thanks to everyone who helped in this endeavour. Our next P.T.A. events are; A.G.M. on Monday 29th September at 8 p.m. in the school when we hope to meet many new members, elect our Committee and also the parent representative to the School Managers. On Friday 3rd October there will be a Country Dance Evening for children with parents. Unfortunately, due to lack of space, numbers must be limited to 100.

BRAUNSTON FRIENDLY CLUB. On the 15th September we celebrated our 10th Anniversary by a Party and Concert. The entertainment, given by the W.I. Drama and Choir Group and the conjuror "Jan" was much appreciated. Thanks are due to the excellent training of the Group by Mrs. Joan Wootton, and all who took part.

On October 13th Mr. & Mrs. H.E. Cox of Burton Joyce will show films, and on Monday October 27th the speaker will be Mrs. W. PUNCH, the retired Matron of Danetre Hospital.

BRAUNSTON VILLAGE GARDENS ASSOCIATION. The September Annual Show was very successful and thanks are due to all who helped in any way. The Show, which costs £100 to stage, made a profit of £50, which will be equally divided between the new Youth Club and the Playing Fields Association. Entries brought late by Exhibitors will in future not be shown as this upsets the routine. An apology is due to Mrs. Snelson Snr. whose embroidery exhibit was wrongly directed to the handwork display, and missed being judged in its class. New Committee Members would be welcomed.

VILLAGE NOTES.

We are fortunate to find that fresh varieties of birds seem to come to our neighbourhood. Goldfinches and mallards appear to be increasing in numbers. It is regretted that certain youths who ought to know better subject the young cygnets on our canal to a barrage of stones. To do this is illegal, and could result in prosecution, but perhaps parents could reprimand the offenders. The adult Swans are our most graceful birds and a pleasure to see - they should be encouraged - not driven away.

The brain power of birds is said to be less than that of the mammals, but they do show considerable ingenuity in dealing with occupants of shells. We are all familiar with the Thrush's anvil where he breaks snail shells to extract the occupant. A seagull will drop a shellfish from ever increasing heights until he cracks the shell for his tasty meal.

MATERIAL FOR THE NOVEMBER ISSUE MUST BE IN THE HANDS OF THE EDITOR ON OR BEFORE OCTOBER 21st 1975.
