INSTITUTION OF THE NEW RECTOR. The institution of the Reverend Martin Wilfred Emnybun as the new Rector of Braunston will take place in All Saints' Church, Braunston, at 7.30 p.m. on Friday, 6th June. The Bishop of Peterborough, the Archbishop of Northampton, the Rural Dean of Daventry, and the Vice Principal of Jesus College, Oxford (patrons of the Church) will take part in the institution of our new priest. Please make a special effort to attend this service if you

are a parishioner, and extend a warm welcome to Mr. Emnybun.

After the service, refreshments will be served in the Village Centre and parishioners will have an opportunity to meet the Rector.

May we ask for contributions towards the cost of refreshments, to be given to Miss Sheila Rowley, the Church Warden, or your editor, Mr. Gallie. The Parochial Church Council have decided to pay for the catering at the reception in order to free the ladies of the congregation to enable them to attend the service.

May 19th. Mrs. Mabel Dorothy Slater.

We offer our sympathy to the relatives of Mr. Clarke and Mrs. Slater.

GIFTS. The Editor acknowledges with thanks gifts towards the cost of Braunston Village News. £1 from a Braunston lady, £1 from each of two Daventry ladies, and £2 from the 2nd Braunston Scouts and Guides Group.

BRAUNSTON FRIENDLY CLUB.

We had perfect weather for our outing to Stratford-upon-Avon, and everyone said how much they had enjoyed the day. Meetings this month:-

Monday, 9th June

The West Haddon Concert Party will entertain us.

Monday 23rd June.

Mr. & Mrs. W. Day, or Ryton-on-Dansmore, both of whom are blind, will talk about their Guide Dogs, who will also be with them.

BRAUNSTON WOMENS INSTITUTE. Mrs. MacWilliams was most informative on the Resolutions to be discussed at the Royal Albert Hall. Our members voiced their opinions, and will wait for the meeting to see how the voting goes. For our next meeting on 3rd June we have invited a representative from Denman College, so do come along to welcome her to Braunston.

BRAUNSTON SCOUTS. The 2nd Braunston Scout Group would like to thank everyone for jobs given to them during "Job Week". We raised £98, which pays this year's capitation fee. A sum of £94 profit was made at our May Day Fair on 5th May, and this is for the upkeep of the Den. Many thanks to Scouts and Guides and to all who supported our effort.

BRAUNSTON VILLAGE GARDENS ASSOCIATION. The sale of fertilizer will continue on each Sunday from 11 a.m. to 12 noon until about the middle of the month depending on demand and supplies. Please note that the Village Show will now take place on Saturday, 6th September. You should already be thinking about handicrafts, as well as preserves and wines. Please keep this date free so that you will be able to enter at least a few of the classes, to attend the Show and help make it a success. The judges for the best kept gardens (visible from the highway) will be visiting the village more than once so that they can see how the gardens are progressing - they may already have been and will certainly be around again.

DISTRICT COUNCIL ELECTION. Many thanks to all the people who voted for me at the recent District Council Election. I will endeavour to work hard in your interests to justify your confidence in me. It is my intention to hold a surgery in the Village Centre on two Saturday mornings each month between 10 a.m. and 11 a.m. commencing on Saturday 31st May, 1980. My telephone number for any queries or urgent problems is 890482. Derek Webb - Daventry District Councillor.

VILLAGE NOTES. Most English people love to own and cultivate a garden. We should remember with gratitude our predecessors who, by patient work selected wild flowers, and by cross polination developed the brightly coloured flowers which today adorn our gardens. The cowslip - a member of the primrose family, has been developed to give us the Primulas. Several of our fruit trees were originally brought from abroad by soldiers of the Roman garrisons eighteen or nineteen centuries ago. Elisted from different provinces of an Empire which stretched from the Atlantic Ocean to the Euphrates, these men tried to re-create the gardens of their home lands by importing a wide variety of plants. Probably many plants would not grow in our colder climate, but some fruit trees were introduced in this way. We imported the potato, the runner bean, sweet corn, tomato and the pumpkin from South America. All of these vegetables and many others had been cultivated by the Incas centuries before the Spanish Conquistadores destroyed a civilisation which in their blind hatred and greed they were too ignorant to understand.
